Misunderstandings, family interferences, different opinions, etc. are the common reasons for the fight between husband and wife. These problems can be sorted by talking. To get this rid of this problem, black magic is the ideal solution. Here

are some remedies of black magic to get husband back

If your husband is having an affair and you wish to get him back, here is a solution. On Thursday midnight, cut some hair from your husband's head and place them away from your husband's view. For 11 days, you need to worship that hair with incense sticks. In a few days, you would notice the change in your husband's behaviour. When you feel that your husband is completely out of his lover's influence, you have to burn that hair and throw them on a south crossing (chauraha) of your house.

If your husband lost interest in you and you wish to bring the love back, you can follow the given trick. You need to take a white handkerchief and write your husband's name on it. After this, put lemon and some vermilion (red sindur) in that handkerchief and tie it. After tying the handkerchief, place it where your husband could not see it. Worship this white handkerchief for about 21 days to get your husband back. Once you get results, throw it in any river.
