

What are the combination planetary positions for depression

What are the combination planetary positions for depression?

Planetary position for depression and its solutions.

Depression is not an exceptional sickness it is common disease in these days. I think about 60 to 80 percent of our population feel pressure and depressed in their life tack but the main problem is that why they feel so. If we are depressed then what is the cause of depression. Really this is a big question and a challenge for all of us. Depression is related to emotions. Depression is sum of two words "deep" with "pressure". It means when a person go through deep stress or deep pressure due to some specific emotional reason like married life, job, property, children etc. that create negative thinking and those adverse thoughts transform into depression. Several people get cured but some never come out after despite of so many efforts. Depression converts a very severe matter in these days.

What a person feels in the time of depression?

In Astrology depression has a direct relation with emotion, mind and soul. Depressive person feel sorrow, frustration, impossibility, loneliness, unhappiness, loss of enthusiasm, despair, withdrawal from social relationships or contact and lives with negative attitude and lack of interest in constructive thoughts. Depression always effects emotionally, psychologically and physically. The individual's horoscope shows why he suffer from depression never want to accept any condemn by other people and if they get criticized then they want to surrender their selves.

Depression and role of Astrologer

A best Astrologer can reply through analysis of individual's horoscope on the basis of planets po depression and stressful life situation in the various house or sign. Planets position like debilitated sign or placed in 6, 8 and 12 are directly answerable for depression in astrology. Best Astrologer can alert you before depression comes, with the help of period, sub period and transit of planets in your Kundli. Today in this article, I am going to talk over that in which positions of planets will responsible for depression in horoscope.

Which planets are responsible for depression?

Mainly Sun, Mercury and plays a major role in our life as it governs our mind, emotions and soul etc. If all three planets are placed in bad houses like 6,8,12 or position or in debilitated sign produce negative thoughts and after that you will be depressed. If the Single Moon placed in 8th house, the chances of depression is too much rise.

Any inauspicious planets like Saturn Mars, Sun, Rahu and ketu are associated with Moon through aspects and conjunction will give you depression especially in the time of concerning planets period or sub period.

Planetary combination for depression and its remedies

Why Moon is main responsible for depression

Depression is concern with emotions and Moon is the psyche planet. Veda's stated about Moon.

चन्द्रमा मनसो जातः ।

मन्योर् मनसः शरव्या जायते ।

चन्द्रां हिरण्यमयीं लक्ष्मीं जातवेदो म आ वाह

Moon represents our emotions, happiness, desires, expectations, ability to enjoy things and ideas. Moon gives some unfavourable result also especially when associated with malefic Saturn mars or nodes (like Rahu and ketu) like inability to relish life, weak self-confidence, anxiety, insecurity, sadness. Badly placing of Moon in individual's chart can make a strong reason of lots of emotional and mental issues that go a long way in weakening our body.
