

How to wear Opal, vaidurya Description, Properties, Type, Purity, Identification and method.

When and How to Wear - Opal

Among the Navratnas, the gemstone named Ratna Emperor is ranked in the category of Opal, rich in royal qualities and highly influential and valuable mines natural stone. This gem is world famous due to its unique aura hardness and aesthetic sense. Lucky prosperity and full of its oozing and sharp Opal gem creates an atmosphere of a kind of supernatural power in all around. Perhaps this is the reason why this gem does not stick to everyone and for some reason or the other it gets out of hand. Only the fortunate ones are able to cherish it and it is not a good effect for everyone. A normal person suffers from some fuss as soon as he finds it. Only the fortunate people with rich wealth and majestic qualities are able to wear it. B

According to chemical analysis, Opal gemstone is virtually solid carbon, it is produced in the octagon or hexagon in the crystal form of carbon. This gem is transparent and very hard. The name Hira Ratna – Opal gemstone as Vajra has

also been referred to due to its hardness properties.

The Opal gems are referred ni name in other language or Sanskrit language beacuse this name and stone not related Indian Vedic Astrology. This Opal name comes from western astrology and everyone is called this stone as Opal in English.

Normally, the Opal gem is of white color, due to which the light blue aura continues to radiate. By the way, some Opals of green, yellow, blue and red are also found, but the best is the one which is imprinted with light blue transparent white and has colourful rainbow rays from its.

Opals have also been classified based on color and size. Like other gems, in Indian astrology, Opals are also divided into four varnas (Caste), Brahmins, Kshatriya Vaishya and Shudra, and each person of the Varna is said to be holding and accepting a Opal of his own Varna (Caste).

According to India's famous astrologer and gemmologist Acharya V Shastri, the best Opal is considered to be the one that is clean and clean hexagonal and or with octagonal shape and emitting transparent and rainbow rays and appears to be basically a light beam in itself. In contrast, contaminated Opals contain a variety of ominous signs. Yellow, cracked or porous, with a smooth oil-like lustre, austere, rough, discoloured, with red dots, foggy, broken or cut, discoloured, brown, some kind of shade Opal is considered castle or castable. With these demerits and defects, the Opal gemstone is a destroyer of wealth and honour, prestige and life.

According to Best famous celebrity astrologer Acharya V Shastri, the Opal gemstone is the representative gem of the planet Venus. In any horoscope in which the Venus house is weak or in a low state, such a person can change the misfortune caused by Venus by holding a Opal jewel, and luck and adverseness. Wearing Opal gemstone is beneficial to get rid of secretive disorder and private organs defects and impotence etc. Hira Ratna is

considered the best gem for hypnosis or subjugation and also for the prevention of ghost haunting. Heera Ratna enjoys the most fame in the diagnosis of both male and female secret diseases.

How to wear Opal Gemstone

The Opal is the representative gem of Venus and it is as valuable and auspicious as it is in the discrepancy. Therefore, anyone who wishes to wear a Opal gemstone must test the horoscope with an experienced astrologer in Dwarka Acharya V Shastri, before wearing it. To get the best fruit by wearing Opal gemstone, it is necessary that it should be worn in some best and best Muhurat. If this representative gem of Venus is in the position of Venus in Taurus or Libra or Pisces or on the day of Bharani or Purvaphalguni or Purvashadha Nakshatra on Friday, on that day, after putting the Opal in silver or platinum ring, on the day of sun, its rise Earn respect For purifying the ring and consecrating the life, first put the ring in panchamrit i.e. milk, gangajal, honey, ghee and sugar solution, then burn five agarbatti names of Shukra Deva – Shukracharya and pray to goodies Luxmi and get your blessings. I am wearing your representative gem, Opal, please bless me. After removing the ring from panchamrit, chant 108 "ॐ शं शुक्राय नमः" Rotate the ring 108 times with the incense sticks and apply the ring in the Kanishtika or Madhyama finger with Laxmi ji's feet. Heera starts giving its effect in 25 days.

Substitute of Opal Gemstone

Since Opal gemstone is a highly valuable gemstone, it is far from common people, therefore the Best famous celebrity astrologer in India Acharya V Shastri have decided to substitute Opals for those who cannot buy Opals.
